## Board Names Tynes To Head District Functions; Superintendent Asked To Resign By June 30

Placentia Mayor Robert Finnell accepts deed for property for a city yard in the east part of the city from Angeline Backs while her husband Ed Backs looks on.

### Yorba Linda Library Board Is Against Annexations

YORBA LINDA — The District Library Board of Trustees, at the November 4 meeting, voted unanimously to oppose four annexations from the Yorba Linda Library District to the Placentia Library District.

Today, at 2 p.m. members of the board are attending a meeting with the Local Agency Formation Commission (LAFCO) in Santa Ana to ask that the meeting be continued until January 12 so that further study may be given the matter.

The board protests the annexations on the basis that the areas have been part of the Yorba Linda Library District since 1914, that there will be a considerable loss of tax revenue, and that some of the areas are now under discussion by both the cities as possible trades in establishing new city boundaries.

### Mrs. Backs Gives Land To Placentia

PLACENTIA — A surprised City Council accepted a deed to several acres of property in the eastern portion of the city from Mrs. Ed Backs for use as a corporation yard at its regular meeting last week.

The property had been offered for lease last year for the same use by Mrs. Backs. The presentation of the deed gives the city title to the property at no cost.

The land is located north of Orangethorpe Avenue west of Rose Drive in the eastern portion of the block owned by the Kraemer family.

A site for the corporation yard, where the city houses its street sweepers, street strippers, and other equipment, has been badly needed since the present yard is on the site of a fire station to be built in the near future.

The areas involved include 10 acres near Morse Road, a large mostly undeveloped area around the Richfield Road and Orangethorpe Avenue intersection, the area located on Yorba Linda Boulevard from Rose Drive to Prospect including the shopping center and large apartment complex, and a northwest area in the Rose Drive, Imperial Highway, and Golden Avenue section.

In other business, the board agreed to send Assistant Librarian, Miss Diane de Cenzo, to the California Library Association Conference to be held in San Francisco December 12-16. Included on the agenda for discussion was a possible change in library hours, landscaping to be completed on the south and east side of the building, and an illuminated identification sign to be placed near Imperial Highway.

### TV Franchise Is Continued By Council

PLACENTIA — Cablecom-General of Southern California, a firm involved in providing cable television service, came under fire from the City Council for failure to complete the terms of its franchise granted to them two years ago.

The franchise required that the cable system be completed within two years, a period which ended last month. Thus far no work on the system has been done in the city.

A new agreement which would give the company two more years to complete the system was continued by the council for one month to see how the company would be doing in getting permits needed to begin construction.

PLACENTIA — The Placentia Unified School District Board of Education assigned John Tynes, board's representative for employer employee relations, responsibility for all internal operations of the district and accepted the resignation of Superintendent Murrell Miller effective on or before June 30, 1972 following an executive

### Fire Causes \$100,000 In Damages

ANAHEIM — A fireman was slightly injured in the \$100,000 fire in the Autonetics plant on La Palma Avenue, Anaheim, Friday morning, according to police and fire reports.

The fireman was burned on one leg, but continued on duty and did not receive medical treatment during the action. The blaze started from an empty plastic plating tank in which the heater was left on. The heat set fire to the tank and the exhaust system pulled the flames through a system of a fiberglass ducts, spreading the fire between two floors.

Four Anaheim fire stations responded with 21 officers and men who had the fire under control at 7:48 a.m., approximately 25 minutes after the alarm was sounded. An Autonetics official said about 400 employees in the first shift were evacuated and sent home.

### PUSD Meeting Set Nov. 15 On Tax Increase

PLACENTIA — The Placentia Unified School District Board of Education will present its recommendations and rationale for a tax rate increase election during a special meeting November 15 at 7:45 p.m.

District Superintendent Murrell Miller will outline facts and future costs that the district will face. The presentation will be introduced to the public as a working session from which a citizens committee may evolve.

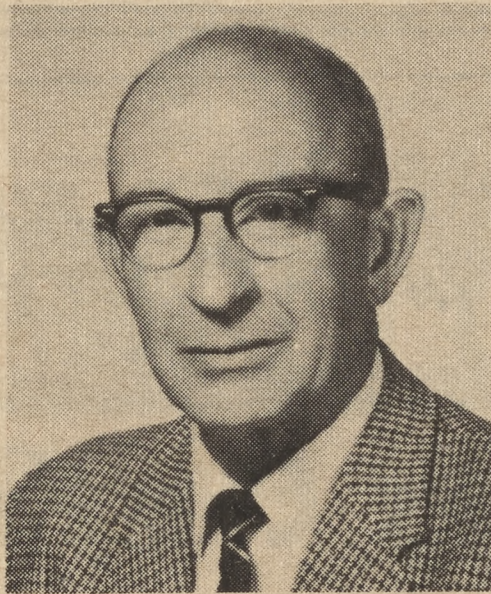

Board members last Tuesday night heard Alvin Hawkins, district instructional services director, present a statement of philosophical beliefs and goals for the district and its instructional programs. Hawkins' presentation was the result of a specially formed curriculum council which designed the statement.

The board took no action to adopt the statement but favored a "recycling" of the goals towards exposure within the community for more public involvement and reaction. Superintendent Miller suggested an implementation and review of the policies for further discussion at the next meeting.

session early Tuesday morning.

Tynes, in his new position, will have full management responsibilities and all principals and top staff members will report directly to him.

In effect Tynes has been placed

### Portion Of Santa Fe Is Abandoned

PLACENTIA — The abandonment of a portion of Santa Fe Avenue between Murray Street and Placentia Avenue was formally approved last week by the City Council after officials of the Placentia Boys Club assured the council that it would not cause them any inconvenience.

The Boys Club is now meeting in Chapman Hall, the only remaining building in the area, until the developer is ready to begin construction.

Boys Club Director John Badger told the council that the club had located an interim facility to use if necessary before the new club facility on Crowther Avenue is completed.

### Board Hears Projections On Future Pupil Loading

PLACENTIA — Pupil enrollment in the Placentia Unified School District is expected to almost double within the next five years according to a study presented to the board of education last Monday night.

Such an increase would bring district enrollment to 24,373 students by 1976. By the 1972-73 school year, data from the study indicate that 2,208 pupils from kindergarten through twelfth grade will be "unhoused," 1,057 of these students will be in the elementary grades.

The district, which is divided into five areas, will have the greatest growth rates next year in K-6th grades in Area II, the Morse School Area or central Placentia, where 220 new pupils are expected and in Area IV, the Orchard School area, where 647 new pupils are anticipated.

The study by Davis-Duhaime Associates, a planning and architecture firm, was conducted

in charge of the day-to-day operations of the district and will directly supervise all district employees and report directly to the board.

As part of the reshuffling of top executive positions Miller, who will retain his title, was assigned responsibility for external operations of the district, such as development of state and federal funding proposals, developing citizens advisory committees and conducting a feasibility study for year-round schools.

In his resignation Miller cited personal and professional reasons as the basis for resigning.

No time limit was set on the arrangement approved Tuesday except the June 30 date for Miller's resignation. However Miller could resign sooner than then, upon agreement with the board.

### All-American Delegation Is Chosen

PLACENTIA — Representing the city at the All-American City Contest judging in Atlanta next week will be seven representatives of various areas of the city.

Included in the delegation are Jan Thomas, former Beautification Commissioner; Vicki Jones, teenage Recreation and parks commissioner; Vic Michel, chairman of the committee which prepared the All-American city application; Jack Slota, city administrative intern; Sal Zavala, member of the Placentia Unified School District Board of Trustees; Phil Montano of the Atwood Coordinating Committee; and Placentia Mayor Robert Finnell.

to project pupil population growth and facility needs of the school district. The projection method used in the study provided annual enrollment data plus enrollment numbers at saturation and was based on a statistical study area approach.

The study's findings indicated a need for several new schools in the future which contradicts the state's projections for the district. Three alternatives were offered to the school board by the study's spokesmen: 1) to obtain, if possible, district reserve funds from Sacramento, 2) spend bond money and hope for later funding and 3) the district administration deal with the state allocation board and request recognition of important growth factors in the area.

In other business, the school board gave unanimous approval to El Dorado High School's Ecology Club to establish an ecology recycling center.

## Project Nears Completion

Placentia's \$1.3 million storm drain project has neared the midway point with 46.7 percent of the construction completed through October 27. The contract time elapsed through the same period is 45.9 percent. Total value of the improvements completed thus far amounts to \$600,669.31.

According to Public Works Director Jerry Hendricks, progress on the project has been on schedule, and unless the early rains this winter curtail the contractor's activity, work is scheduled to be completed by mid January.

Hendricks pointed out that an interesting feature on this project is that the storm drain has been placed down the center of Kraemer Boulevard between Yorba Linda Boulevard and Bastanchury Road and that a raised median island will be constructed in this area upon completion of the

storm drain work.

In addition, the city plans to have the contractor widen those portions of Yorba Linda and Kraemer Boulevards which are affected by the project to four lanes so that it will not be necessary to open the streets again for this additional work. The city has planned to widen Kraemer and Yorba Linda Boulevards to four lanes

before the end of the fiscal year.

Another interesting feature is that at each street intersection abutting the storm drain, the drainage gutters will be removed, and drainage will be placed underground into the drainage system thereby eliminating much of the nuisance water that presently runs down City streets.

## Parent-Conference Day To Be Held Nov. 18

Thursday, November 18, has been set aside as a Parent-Teacher Conference Day in the Placentia Unified School District, according to Superintendent Murrell M. Miller.

The day has been set aside so that parents may talk to their child's individual teacher about his progress and/or problems. Principals throughout the district are

making arrangements to schedule special time for parents to meet with teachers.

"It is hoped that parents will take advantage of this opportunity, and if they have not received a notice from their child's school prior to conference day, they should contact the school for an appointment. School will not be in session on this day," Miller concluded.

## Child Returns Home After Hospital Stay

Eighteen-month old Pammy Chalman has returned from St. Jude Hospital following successful emergency surgery. At home to welcome Pammy, besides her mother and brothers and sisters were grandparents, Mr. and Mrs. Charles Chalman of Sunnyvale.

Pammy's daddy, Ronald Chalman, was been in Europe on business for the past several weeks, and was not at home when the emergency came up.

The Chalmans make their home at 634 Pinehurst, Placentia.

## ED Homecoming Activities Begin; Spirit Week To Be Nov. 15-19

Homecoming preparations are now underway at the El Dorado campus. The celebration is set for Friday, November 19, when the Hawks take on Laguna Beach.

Nominations for the queen and her court were held last week. Senior girls competing to be queen are Jamie Blank, Terry Cohoon, Cathy Harding, Candy Martin, and Carol Vice.

Juniors vying to be princess are Valerie Harp, Sandy Lyon, and Susie Stodden. Mary Mahoney, Barbara Petit, and Julie Swanson are the sophomore hopefuls, and Mitzie Capraro, Mary Hall, and Sherrie Ledbetter are nominated for frosh princess.

Voting will be held tomorrow at El Dorado. At that time the frosh, soph, and junior princess will be announced, as well as three finalists for senior queen.

"We Just Wanna Celebrate" is this year's Homecoming theme. Activities have been planned for spirit week, November 15 to 19.

Monday, November 15, a pie auction will be held. This activity is being sponsored by the sophomore class, and the lucky bidder for each of the pies will have the opportunity to throw it at members of the faculty, including Principal Marvin Stewart.

Tuesday a senior slave sale will be held, giving under-classes an opportunity to take revenge on their favorite seniors.

Wednesday, which is the day seniors will have to act as slaves, is also the date of a tricycle race being sponsored by the junior class.

## Thursday is a school holiday (Parent-Conference Day) Comedy To Be Presented By ED Actors

Cast members have been selected for El Dorado's first drama production of the year, "Harvey," a comedy which will be presented December 9, 10, and 11 in the El Dorado lecture hall.

Starring in the comedy will be Dan Filie, as Elwood P. Dowd. Carolyn Peterson, Jean Youngquist, and Sheryl Fisher also have starring roles.

Featured in the play will be Roger Reed as Doctor Lyman and Linda La Rose as Nurse Ruth Kelly.

Also in "Harvey" are Karleen Fleming, John Richardson, Stuart Post, Ed Greene, Jan Strook, and Mickey Wheatley.

Linda Snyder is student director for the comedy.

"Harvey" is the story of a man's unusual companion — a 6' invisible white rabbit named Harvey. What happens when Harvey's presence is made known will be found out at the play.

Prices have been set at \$1.50 for general admission, \$1.25 for students with an ASB card, and \$1 for children under 12. Tickets are expected to be sold both the week before the production and at the door.

Day), but that night football, cross country, and water polo players will be treated to a potluck dinner by the pep club. The dinner will be held from 6 to 8 p.m. at the school patio area. Cheerleaders will serve at the event.

Friday, Homecoming Day, will feature a pep rally involving last year's pepsters. Alumnae are invited to return to the ED campus that day and take part in the festivities.

Helium balloons will be sold by the Pep Club Friday, as well as mums by Girls' League. Homecoming buttons will be sold throughout the week.

A parade from El Dorado to Bradford Stadium is scheduled to begin at 3:30. Climaxing the football game will be the coronation ceremonies for the Homecoming queen and her court during halftime.

Following the game, the traditional Homecoming dance will be held in the ED gym from 10 p.m. to 1 a.m. "Crusen For a Burger" has been selected to play at the dance, and prices have been tentatively set at \$1 for students with an ASB card, and \$1.50 for students without the card. The dance will be stag, and proper dress has been set as dresses for girls and ties for boys.

Sitting on the site of the proposed Arboretum at California State College, Fullerton, Brent Romney, president of the Associated Students, signed a contract last week calling for schematic plans for the ecological preserve. Looking on is Blaine Lohman, arboretum commissioner. The proposed park, the first of its type in Orange County, will be developed on more than 20 acres located on the northeast corner of the Fullerton campus, for use by the college and community.

## Contract Signed For First OC Arboretum

Another major step towards the development of Orange County's first arboretum was taken last week with the signing of a contract calling for schematic plans and recommendations from a consulting firm.

Brent Romney, president of the Associated Students at California State College, Fullerton, signed the \$2,000 contract amid a group of dead orange trees that will one day be transformed into an ecological preserve.

When completed, the student-proposed project will encompass more than 20 acres on the northeast corner of the Fullerton campus.

The final plan, including recommendations from the architectural firm of Powell, Morgridge, Richards and Coghlan, is expected to be presented to the trustees in January, according to Blaine Lohman, chairman of the college Arboretum Commission.

"We don't anticipate any problems getting their approval," Lohman said. "The only major question is whether the land is needed for parking. The college agrees with the students that the land would be better utilized as an arboretum, which would serve all of Orange County."

The Associated Students have already donated \$10,000 for the project with another \$5,000 in donations having been received from various student groups, Lohman said. The total cost is estimated at \$70,000.

"We're now soliciting the support of the community, since it will benefit from the complex," Lohman said. "We hope we'll start receiving some monetary support once the community realizes that the project is deep in the planning stages and that contracts have already been signed to proceed with it."

Lohman noted that a speakers' bureau has been established to meet with area civic organizations and explain the project.

The arboretum has also been endorsed by local State Assemblymen John Briggs (R-35) and Richard Hanna (D-34), he said.

Persons interested in supporting the arboretum may send donations in care of the Foundation of California State College, Fullerton, 800 North State College Blvd., Fullerton.

Further information may be obtained by calling Blaine Lohman at the Associated Students office, 870-3410.

### THE SPINE: NATURE'S MIGHTY SHOCK ABSORBER

The spine is a mighty shock absorber within the body and is the structure which protects the spinal cord — the lifeline of the body's nervous system.

Sudden impacts of falls, collisions or whiplash which are too much for the spine to withstand can result in painful and often crippling injuries.

Dr. Donald Brinkley

"The spine is composed of 24 vertebrae separated by discs," Dr. Donald O. Brinkley, of the Brinkley Chiropractic Offices, explains. "The spinal column, which contains the spinal cord, consisting of millions of nerves which carry vital nerve energy to all parts of the body. It is the lifeline of the nervous system."

The spinal cord runs from the brain through the spinal column, Dr. Brinkley explains. "Between the vertebrae are pairs of nerve trunks leading from the spinal cord and carrying millions of nerve fibres to the various parts of the body," he continues.

A "slipped disc" or a displaced vertebra in any part of the spine can cause nerve impingement, or a pinched nerve. Such obstruction, according to Dr. Brinkley, can slow down the powerful nerve energy

to one or more organs, causing malfunction and distress to that particular part of the body.

The spinal column, the spinal cord and the nervous system are areas in which the Chiropractor is a specialist. He locates the impingement, Dr. Brinkley says, "and, by gentle adjustments, removes the offending pressures and restores the vital flow of nerve energy to the affected FOR INFORMATION ON HEALTH PROBLEMS CALL THE CHIROPRACTIC HEALTH INFORMATION BUREAU 525-0293 AND ASK TO SPEAK TO A DOCTOR OF CHIROPRACTIC."

areas. Nature's healing from within restores the feeling of health and well-being.

The scientific adjustment of a chiropractor can correct a painful slipped disc and bring prompt relief and prevent the possibility of future distressing effects.

After any fall or accident, Dr. Brinkley says, the best thing to do is see a Chiropractor for a complete spinal examination.

Mrs. Schmidt credits her husband with helping her to win her blue ribbon as he

constructed the frame needed to begin the shawl and helped to figure the lengths of yarn necessary for completing the macrame garment.

This is the second ribbon Mrs. Schmidt has won at the Festival as a Junior Club member. She captured a first prize ribbon in the Stitchery Division last year.

This is the first year that both a man and a woman have been chosen as outstanding citizens of the year, and with the presence of several athletic pros the banquet gives promise of being an evening of good entertainment, said T. ## Aquatics To Hold Bake Sale

The Placentia Aquatics Club will sponsor a bake sale on Saturday, November 13 from 10 a.m. to 4 p.m. at the east end of the Crossroads Shopping Center at Bradford and Yorba Linda in Fullerton.

## YL Library To Celebrate Book Week

To celebrate the 1971 National Children's Book Week, November 14-20, the Yorba Linda District Library will have special displays and activities on hand in the children's department.

Mobiles and posters depicting this year's theme, "Read-In", will decorate the room and special book displays will be set up. Book lists will be available including the Sesame Street recommended books; the Caldecott Awards list, for books that best combine text and illustration; and the Newbery list which contains books which make the most significant contribution to children's literature.

Children will actually be able to participate in the activities of Book Week. A notebook will be open at the desk for them to contribute their own writings. Poetry, stories, graffiti, or just doodles will be acceptable. A large blank mural will cover one wall, and will be set off in cubicles. ## Legislation On Buses Causing Confusion

Recent legislation has made it necessary for school buses to keep their headlights on at all times when the vehicle is in motion, according to Transportation Supervisor Ed Mier.

According to Mier, the new regulation has resulted in some misunderstanding by approaching motorists and truck drivers. Mier said that trucks generally utilize headlights as a courtesy signal to return to the right

lane following a passing maneuver. Now with the new law in effect, truck drivers seeing the school bus lights on think it is an "old courtesy" signal and start moving into the right lane in front of the bus. Mier explained that this sometimes causes problems for bus drivers; particularly, with trucks with long trailers. Mier said the law was passed in the interest of safety of school buses and school children.

Frequently motorists in Placentia seeing the school bus headlights on begin to blink their lights to tell the bus driver that his lights are on. "This is not necessary," Mier commented. "We do appreciate the courtesy, but we hope that by word of mouth, motorists will understand that we are merely complying with the new law."

## Council Explains Utility Tax

Many citizens have requested information regarding the utility users tax, which was adopted, effective October 1, 1970 by the Placentia City Council.

The tax was imposed for the purpose of providing the City with necessary capital improvements, such as a civic center, police department, fire stations, and city yard, and necessary equipment such as fire trucks.

Proceeds from the tax have accumulated, from date of adoption, through September 30, 1971, a total of \$141,589. It is expected to return to the city in revenues, for the 1970/71 fiscal year, approximately \$240,000, according to Finance Director Frank Dunnivant.

The City Council recently entered into an agreement for architectural services on the civic center and other public buildings.

The utility tax money has been set aside to pay the cost of construction of these buildings.

## Applications For Contest Are Available

## Cal State Senators Elected

New students at California State College, Fullerton elected six representatives to the Associated Students Senate last week during special elections.

The six new student senators will represent about 4,800 freshmen and transfer students who were enrolled for the first time at Cal State this fall.

Elected were Pat Brown, Costa Mesa; Kerry Herbst, Placentia; Denise Hicks, Hacienda Heights; Val Parkin, Placentia; Cheri Peterson, Placentia; and Ignatius Schmidt, Bellflower.

The 29-seat student senate is responsible for the distribution of the \$443,000 annual student budget.

Present at the organizational meeting of the newly-formed Orange County Branch of the Ancient Order of Hibernians were local President Jerry O'Keefe, Mike Farrell of the Los Angeles Club, local Vice President Dan Corcoran and Anaheim City Councilman Bill Thom. "Cead Mile Failte" is Gaelic for "One Hundred Thousand Welcomes."

## Jerry O'Keefe Will Direct Hibernians

The newly formed Orange County branch of the Ancient Order of Hibernians has already inducted 33 members, most of whom were officially brought into the group at its first organizational meeting held recently at the Grand Hotel in Anaheim.

At that meeting, officers were elected and representatives from the older Los Angeles branch

gave some background of the order's history and purpose.

Officers elected were Jerry O'Keefe, president; Dan Corcoran, vice-president; Al Finn, financial secretary; Ernie Sullivan, recording secretary; Dr. Frank McCauley, treasurer and Owen O'Keefe, sergeant-at-arms.

Congratulating Chris Bergh on winning his Eagle scout award is his father and Troop 775 Scoutmaster Donald Bergh. Chris is the third member of his family to win the award.

## Chris Bergh Reaches Eagle Scout Rank

Chris Bergh became the third member of Boy Scout Troop 775 of Yorba Linda to become an Eagle scout during a special court of honor held at the United Methodist Church of Yorba Linda last week.

Chris is the son of Mr. and Mrs. Donald C. Bergh of Yorba Linda. He is the third member of his family to become an Eagle scout.

During his six years of scouting Chris has served as

assistant patrol leader, patrol leader, instructor, troop librarian, and presently senior patrol leader.

He has earned the Arrow of Light award, has attended junior leader training at Camp Ahwahnee, is a member of the Order of the Arrow, attended the Polaris two-star training program, and has had perfect attendance at all troop functions for three years.

Chris, an honor student graduate of Yorba Linda Junior High School, is now a freshman at Troy High School, where he is a member of the marching band.

## Bazaar Set November 18 In Fullerton

Native Daughters of the Golden West, Grace Parlor 240 has chosen November 18 for the annual bazaar. The bazaar will start at 10 a.m. with luncheon at noon.

Plans for the bazaar were completed at the home of Miss Doris Jacobsen of South Bradford Avenue Tuesday, when members gathered for a potluck luncheon and a "sewing bee". The bazaar will be held at the Native Daughter's hall at Amerige and Lemon, Fullerton.

## Troy Phones Overloaded

Have you tried to call Troy High School only to find the line busy? And it was still busy the next time you dialed the number?

With nearly 2500 students and about 150 adults on campus, Troy administrators are aware that phoning the school can be a very frustrating situation!

To help alleviate the problem and to get calls through more quickly, school officials offer the following suggestions, first state either the department wanted or the specific subject matter of the call; second when calling a counselor, state the student's last name if the counselor's name is not known; third, only emergency messages, such as accidents or family deaths, can be delivered to students. Forgotten lunches or appointments, or a change in plans, put an added burden on the switchboard.

Courtesy, common sense, and observing these suggestions should improve the telephone situation for both parents and staff.

## Placentia Boy's Club Board Holds Meeting

The Executive Board of the Boys' Club of Placentia held a special meeting Thursday, October 29, at Alta Vista Country Club to discuss recent developments along West Santa Fe Avenue and how this will possibly change current services rendered.

Even though the Placentia Boys' Club serves boys from all over the city, most of the Club's members reside south of Madison Avenue, with a high concentration of members in the older downtown neighborhood. Many of the Club's members lived along West Santa Fe Avenue prior to the housing there being demolished during the summer.

Since June 22 of this year, the Boys' Club has used the old Chapman Hall as a base of operations for its over 200 boy members. The property and the building is the site of a planned multiple-unit development by Bergum Construction Company. Bergum Construction has a written agreement with the Boys' Club of Placentia which states the Boys' Club is the exclusive tenant, that rent is \$1 per month, and that the agreement can be cancelled by either party with a reasonable notice.

Furthermore, the basis of the agreement is to allow the Boys' Club to utilize the existing building until the presence of the Boys' Club constitutes interference with the development of the property by Bergum Construction. The Boys' Club is under no pressure to move.

Therefore, the Boys' Club has plans to move from Chapman Hall as soon as its presence upon the site presents an obstacle for development. In order to continue to provide services to the downtown boys, the Club has located interim facilities in that area. When the Club moves its

## Support Group Will Meet To Play Bridge

Members of the support group from Placentia for Child Guidance are reminded to mark their calendars for November's play of bridge at Los Coyotes on Wednesday, November 17.

Hostesses for the day will be Mrs. Donna Whitehead, 528-3858 and Mrs. Barbara Keneipp, 528-4902. Please call either of them by Monday, November 15 if not able to attend.

operations to the southside of Placentia, a daily bussing schedule will be maintained to offer boys in the downtown area transportation to the interim facility.

The Executive Board of the Boys' Club, under the leadership of its new president, Bud Cook, has emphasized that services to the boys of Placentia will not be curtailed in any way.

The Boys' Club's permanent facility is scheduled to be completed and in operation by the spring of 1972 and will be able to serve over 1,500 members with a daily program of guidance-oriented recreation activities.

## Party Planned For Epsilon Sigma Alpha

Saturday evening will find members of the Eta Alpha Chapter, Epsilon Sigma Alpha, their husbands and faithful helpers dressed in their costumes of the early Saloon days to entertain their invited guests at their fourth annual Golden Slipper Party, to be held at the Santa Ana Women's Club.

The evening will be enjoyed by their guests participating in game playing with a mid-night buffet climaxing the evening. Highlight of the evening will be the drawing of door prizes with a grand prize raffle given by Mrs. Alvin Davis, Yorba Linda, and President of the Chapter.

The affair is under the direction of Mrs. Dean Davis who is ways and means chairman for the Chapter this year.

All proceeds will be donated to the Orange County Artificial Kidney Foundation.

Last year's event was a success with the Chapter presenting their favorite Philanthropic endeavor with a check for \$300. Needless to say the Chapter is in hopes to be able to surpass that amount this year.

Preparing for the St. Joseph Church Women's Council fashion show scheduled for November 20 at the Santa Ana Elks Club are, from left, Mrs. Wylie Aitken, Mrs. Michael O'Neill, and Mrs. Norman Coates.

## St. Joseph Council Sets Fashion Show

A fashion show luncheon with the theme of "Holiday Elegance" will be the featured activity of the Women's Council of St. Joseph's Catholic Church Placentia, on November 20 at the Santa Ana Elks Club. The social hour will begin at 11 a.m. with luncheon following at 12 noon.

General chairman for the event is Mrs. Wylie Aitken. Her co-chairman is Mrs. George Williams.

Coordinating the show with Mrs. Aitken are the Mmes. Gary Crow, decorations; Robert Constantine and Floyd Baxter, tickets; Michael O'Neill, hospitality; Norman Coates, programs; Frank

Kalina, door prizes; Richard Frainer and Curtis Carter, publicity.

Commenting on the fashions will be fashion consultant and coordinator, Florence Smales. Bernie Perry and orchestra will highlight the styles. Shops throughout the Orange County area will be featured.

Tickets are available by calling Mrs. Constantine at 528-0334 or Mrs. Baxter at 528-2177. Donation \$5.50.

# Library Displays 'Youngsters'

"Youngsters", a suite of acrylic paintings by Sylvia Paulus is now on display at the Fullerton Main Branch Library, 301 North Pomona, through December 1. The Orange County Art Association has honored this prize winning artist by making her "Artist of the Month" for November. The paintings include the

artist's son and daughter, teenagers and a few adults who refuse to grow up. The artist's concept has progressed from groups of people rendered with primary interest in form and shadow shapes to a single warm-hued subjects drawn from a foreshortened viewpoint. The works are crisp, intellectual hard-edge,

often referred to as "detached genre" (capturing everyday life without sentimentality). Sylvia Paulus is a winner of many awards in Southern California, including several first places. Her work was most recently seen at the Muckenthaler Cultural Center's all women "Weekends" exhibition.

## Sweetans Move To Edmonton, Canada

Mr. and Mrs. Karl Sweetan and children Bobby and "Cricketer" departed on November 2, for Edmonton, Alberta, Canada where they will now make their home. Sweetan, formerly with the Los Angeles Rams, was hired as the star quarterback for the professional football club of Canada called the Eskimos.

The Sweetans, who had been residing with Mrs.

## Sanchez Visits In Placentia

Tony Sanchez, a native of Guadalajara, Mexico is the houseguest of Mr. and Mrs. Eugene Tate and family, 1029 Coventry Circle, Placentia.

Tony, who is 20, had thought of being an exchange student but feels too caged in due to freeway conditions and the faster pace of living here in the States.

Tony, a very colorful person who speaks four different languages fluently, has a philosophy he expresses, "that birds of a feather flock together, and I would be more comfortable completing my education in Mexico."

During his stay at the Tate residence, Tony has delighted the family's friends with his singing ability of old Mexican favorites. He did, however, favor Mrs. Tate with her favorite song, which is "I'm Just a Bird in a Gilded Cage." Tony will return to his home at the end of this week.

## Tom Gebhart Wins Day At Disneyland

Tom Gebhart, son of Mr. and Mrs. Stephen Gebhart of Yorba Linda, recently won second prize in a sweepstakes sponsored by a major soft drink company. The prize is a one-day visit to Disneyland for four.

Tom, 8½ years old and a student at Mabel Paine School, will take his parents and grandmother with him on the trip.

## Methodists Offer Fall Classes

Two new fall classes are being offered at the Valencia United Methodist Church in Placentia.

Beginning on November 17 at 7:30 p.m., the Rev. Bert N. Lewis will teach a six-week class on the Gospel according to St. Matthew.

The first session of a course entitled "New Machines and the New Humanities" began last Sunday at 11 a.m. The implications of the current technological revolution will be explored in the class. Miss Neuman taught a similar class at the School of Missions in San Diego, which was attended by over 50 ministers and laymen from the area.

Sweetan's parents, Mr. and Mrs. Sam Fleming, 449 Purdy, Placentia, enjoyed a pre-Thanksgiving dinner on Sunday, October 31 at the Fleming residence.

In attendance were Mrs. Budley Evans and children Kelle and David from Tustin and Mr. and Mrs. Tom Kelly and daughter Patty from Lake Forest along with the Sweetans and the Flemings with their daughter Karleen and son Rick.

Upon the Sweetans arrival flight in Edmonton they were greeted by the Edmonton Band with a banner displaying "The Eskimos Welcome Karl Sweetan", and the mayor then presented the couple with keys to the city. The ball club then presented the Sweetans with a 1972 Pontiac Bonneville. A dinner was given that evening at the Edmonton Inn in their honor. The Sweetan family will reside temporarily at the inn until their penthouse apartment is ready.

## Rose Drive Holds Potluck For Winners

The Rose Drive Friends Church last week announced winners of the Sunday School contest between the Trojans and the Bruins. The Bruin team won and were entertained by the Trojans at a potluck dinner last Sunday at the Yorba Linda church's fellowship hall.

Following the dinner, evening services began at 6:30 p.m. with a special music program presented by the "Satisfied Minds," a group from Pasadena College.

## Committee Seat To Be Filled In YL

The Yorba Linda City Council will accept applications to fill a position on the Yorba Linda Traffic Committee until November 10.

The Yorba Linda Traffic Committee is a committee appointed by the City Council which consists of representatives from the police department, Automobile Club, Yorba Linda School District, city staff and local citizens. The committee meets the fourth Thursday of each month at 2:30 p.m., in the council meeting room of city hall, located at 4845 Main Street.

The vacancy on the Traffic Committee was created by the recent resignation of Henry d'Auriol who moved to Anaheim, making him ineligible to serve on the committee.

## Wassons Holiday At Arrowhead

Taking advantage of the three-day Veterans' Day weekend recently were the Charles Wasson family, who spent the holiday at their cabin at Arrowhead.

Mr. and Mrs. Charles Wasson (Shirley) and children Kirk, Charlie, and Terry, as well as guest Margaret Storil had a delightful surprise the Sunday of their stay, when six inches of snow fell. Everyone liked playing in the snow, despite the fact that the Auto Club had to be summoned to rescue the stranded vacationers the next day.

appointment are a concern for traffic conditions in the City of Yorba Linda, a desire to serve the city without compensation, and having a residence within the city limits.

For additional information and an application, please contact Mrs. Lorraine Easterwood, Yorba Linda City Hall, 4845 Main Street, Yorba Linda or phone 524-5000.

## Directories Are Being Distributed

New Pacific Telephone directories are being distributed in November to more than 500,000 Orange County homes and businesses.

If people use their new directories to look up numbers instead of dialing "411" for information, it will help ease a major problem faced by the phone company, according to Walter S. King, Jr. Orange division manager.

King says the volume of calls to "directory assistance" operators has risen from a million and a half calls a month in Orange County five years ago to a massive five million calls a month today.

"If the calling volume continues to increase," King points out, "by 1980 some 15 million calls a month will be pouring into our information offices here."

The new directories will take 600 deliverymen about a week to distribute.

## Dominguez Sculpture Unveiled

Sunday, November 7 the City of Los Angeles unveiled a newly commissioned sculpture created by Jesus Dominguez of Placentia.

He also is a faculty member of the Muckenthaler Cultural Center, the Orange County Community College District and Fullerton Junior College.

## Muckenthaler Will Continue Film Series

The Muckenthaler Cinema Guild continues its film series this weekend with 7:30 p.m. screenings on Friday, Saturday and Sunday, November 12, 13 and 14, of two rarely seen Amos 'N' Andy television episodes plus the 1936 classic film The Green Pastures. The program is open to the general public and will be presented at the Muckenthaler Cultural Center, 119 Buena Vista Dr., Fullerton.

Amos 'N' Andy first gained popularity as a New York-based radio program in the early thirties. From 1951 to 1953, CBS produced a television series which was to become a staple for many afternoon reruns. The Cinema Guild will present two of the best episodes from the series, "Happy Stevens" and "Relatives." Alvin Childress stars as Amos and Spencer Williams portrays Andy.

Doors open at 7 p.m. and an admission of fifty cents is asked.

"We will need the help of the whole community," remarked the co-chairmen, "as this annual affair is tremendous in its scope, and so very deserving of every effort that can be put into it. We thank those who have helped in the past and ask everyone to join with us to make this a most successful year for the Christmas Bureau."

## TOPS To Offer Programs

The Toptimistic TOPS (Take Off Pounds Sensibly) Club of Yorba Linda will offer two special programs for members and guests on Tuesday evenings at 7:30 p.m. at the Orchard Drive School.

On November 16, a demonstration of holiday hairdos will be presented by Rachel of Rachel's Beauty Salon. She will analyze individual facial contours and hair problems of members and suggest attractive hairdos. Members who use wigs and other hairpieces are invited to bring them to the meeting so that she will be able to demonstrate new ways to wear them.

## Cal State Overcomes UC Riverside

Cal State's head football Coach, Dick Coury, was glad to get back into CCAA play, Saturday night as his Titans upended the University of California at Riverside 28-17 to remain undefeated in league.

Coury's team finally came back after two upsets showing a great deal of enthusiasm in the first half to build up a 21-3 lead. It was defense that led the way as the offense sputtered to only one first down.

Joe Baca started the game by running the opening kickoff 86 yards for a Titan touchdown. In the first quarter, UCR made a field goal after Len Gaeta's fumble was recovered by a Highlander. An illegal procedure penalty offset a touchdown by Riverside.

At the beginning of the second quarter, Fred Luttergrodt recovered another fumble on the UCR 27. With only seconds gone in the quarter, Terry McLean took the reverse handoff by Chris Jaramillo to score. Jaramillo scored

the Titans last first half TD when he made a 68-yard runback of a punt.

The third quarter was scoreless with the Titans blowing two touchdowns because of offensive penalties. In the final period Riverside came to life as the week before in a tie against Whittier.

Riverside quarterback Steve Kizman, threw four straight passes to score the first UCR touchdown. The touchdown pass was a 29-yarder to Wayne Weathers. Cal State was then stopped on their own 32 when Greg Haitt's punt was blocked. UCR recovered on the CSF 13. QB Kizman threw three passes to make the score 21-17.

With little time left Riverside once again was on the move. This time Don Crtalic intercepted a Kizman pass and ran back to the six-yard line where he was pushed out of bounds. After a team fight on the sixth, Fullerton was penalized for unnecessary

roughness. McLean took over running 33 yards in three plays to make the final score 28-17.

Next week the Titans travel to San Diego to meet

## FJC Overwhelms Mt. SAC In 52-7 Romp

Will the real FJC football team please stand up?

That is the question to ask as Fullerton Junior College will take two weeks to prepare for their final game of the season against tough Cerritos.

In Fullerton's first five games, a total of 15 points separated the points scored and the points given up. While the Hornets posted a 2-3 record, they could have been undefeated as each game was very close up to the final gun.

However two weeks ago, FJC drenched San Diego City 34-7 in the most lopsided Hornet game of the season. Last Saturday night FJC romped over Mt. SAC 52-7 in what was suppose to be another close battle.

Fullerton was led by quarterback Dick Clyde whose offense piled up 594 total yards. Clyde passed for three touchdowns and ran for another. He was 13 of 24 and 359 yards.

Coach Hal Sherbeck substituted freely, looking ahead to the 1972 season. His inexperienced freshmen held the Mounties to only 173 yards total and only seven points.

Cal Western in a tuneup for the league championship game against Cal Poly (SLO) on November 13. Cal Western will prove tough having 19 lettermen from last years 7-3 team.

## Undefeated El Dorado Overcomes Raiders

With an Orange League championship looming ahead, El Dorado's Varsity cross country team travels to University Thursday for another league meet.

Although University should not pose a challenge to the Hawks, this will be a good tune up for the Hawks last dual meet of the year against Laguna. Again it will be a test of the Hawks depth as Laguna has two runners who will be good competition for number one Hawk runner Brent Wood.

Wood paced the Hawk Varsity to an important victory over previously undefeated Sonora. Wood's first place time of 9:45 is a new course record at

Sonora. Wood has run a faster time, but that was on El Dorado's home course which is ten to fifteen seconds faster than Sonora's course.

After defeating Valencia and Sonora in successive weeks, the Hawks now have only Laguna standing in their way to an undefeated league dual meet season. This would also give the Hawks the advantage in league finals.

El Dorado's Junior Varsity and Frosh-Soph teams have also been doing well as they too beat Sonora. Val Martin led the JV's, while the Frosh-Soph's were paced by Paul O'Neil and Paul Bellizzi.

## Tiger Poloists Beat Laguna To Take Lead

The Valencia Tiger water polo team splashed its way to a convincing 7-2 victory over Laguna Beach Wednesday.

Valencias' victory sets the Tiger fish up in league standings, as they could do no worse than a tie for first place.

"This was one of the most united efforts I've seen," boasted head coach Chris Sawyer. He also talked about how the whole team was outstanding. "This was the most brilliant game they have played this year."

Voted for the outstanding player of the game was Don Gresham. Gresham scored six of the seven points. Joe Olivier scored the one other goal. Steve Kneiss played a superb game, and deserves equal credit as Gresham, announced Sawyer. Kneiss blocked innumerable shots from reaching the goal. Not in his regular position, Kneiss is playing goalie, as he is standing in for Jerry Folwell.

For playing such an impressive game, coach Sawyer recognized the efforts of Bob Binswanger, Joel Patterson, and Chris Kallas. Also the fine job done by Steve Pickerell, and Marc Fridlund as substitutes was recognized by the coach.

"The guys were mentally and physically ready for the game," declared Sawyer. "We wore them down, they couldn't keep up."

Tiger JVs' and frosh-soph teams were not as fortunate as the varsity, as the JV team lost 11-5, and frosh-soph 9-1. Ken Turnquist was outstanding player in the JV game.

## El Dorado, VHS Play For Lead

In the most important game for both schools this year, El Dorado's Varsity water polo team hosts Valencia in a showdown for the Orange League title, Wednesday.

El Dorado will actually be at a disadvantage as a Hawk victory would give them a tie with Valencia and Laguna Beach. If El Dorado loses to Valencia, Valencia will be in first place alone.

The Hawks defeated Valencia in an earlier meeting during the Valencia Tournament. El Dorado's 4-3 victory was the first time they had ever beaten Valencia in Varsity water polo action. A tight defense was the key to the Hawks success, and again will be the deciding factor.

In the beginning of the season the Hawks, after knocking off a few highly regarded teams, were labeled as a quick, defensive team. Unfortunately, El Dorado has rarely fielded a completely healthy team since then and it has hurt the Hawks performances. With all but one starter healthy, the Hawks played an excellent Foothill team, and for three quarters showed why they were labeled a defensive team.

After three quarters the score was 2-2, but the Knights went on to win in the fourth quarter 5-2, when four Hawk starters fouled out. This put the Hawks record so far this year at 13-5.

# Valencia Tigers Defeat Brea To Take Fourth Victory In League Play

Walking over the Brea Wildcats 21-0, Valencia Tigers took the thrill of victory away from Brea-Olinda on their homecoming Friday.

The win over the Wildcats marked only the fifth win in 36 tries since the long rivalry began in 1934. There have been four ties in the series.

Craig Caldwell and Dave

Fujinami were the scorers for Valencia. Caldwell scored twice in the third quarter, both times on passes from Pete Laborde. Caldwell's first score came on a 23-yard pass, and the second, a short 13-yard jaunt into the end zone.

Fujinami ran a six-yard TD play in the fourth quarter, to shoot the score up to 21-0. Fujinami also

led rushing yardage, with 16 carries for 93 yards. Total rushing reached 199, and passing 144, as the ball pierced the air 14 times, but completed only eight.

Defensively, Ed Snead was ripping up the field, according to Head Coach Dave Pinckney. George Kibby plays linebacker for the Tigers. This past week the Tiger has been out with a knee injury and was on the sidelines till late in the game. "When he was out there calling the signals, it made a difference," stated Pinckney. "The defense started to click then."

Valencia hasn't been able to come up with the right coaching staff since Pinckney took the Tigers to CIF in 1963. Now that he is back, it looks as though he still has a touch of magic under the silver-grey hair of

his. So far, the Tigers have been unstoppable since the talk of winning six in a row.

Saddleback is the last league game and the pack is pushing for the big win before CIF. The final battle in league will take place in Bradford Stadium, Friday at 8 p.m.

## Clubs Make Money During Fiesta Days

Language clubs at Yorba Linda Junior High School participated in the recent Fiesta Days celebration by operating two booths. The Spanish Club sold popcorn, with sales totaling \$118.17, and the French Club made over \$30 selling jewelry, pastries, and crepes.

## Fullerton Beats Troy Indians In 17-0 Game

The Troy Warriors, coming off their best game of the season against Sunny Hills, ran into a stone wall in the form of the Fullerton Indians and were stopped cold 17-0.

The combination of the Indians' bruising running attack and a stingy defense were too much for the winless Warriors. The loss dropped Troy's record in the Freeway League to 0-4-1 while Fullerton stands at 3-0-2. The Warriors now have won only one of their last 17 games and their fans have almost forgotten what it is to win.

Fullerton ran right at the Warriors all night, throwing the ball only once and gaining 300 yards. Their proficiency at ball control is evident by the number of plays they ran, 70 to just 43 for Troy. Bam Perales and Randy Hutchinson were

again the leading ground gainers, running for 132 and 102 yards respectively.

Troy quarterback John Hufferd could only complete one pass out of 12 attempts for a meager eight yards against Fullerton's zone. The lone bright spot in the Warrior's offense was the running of Junior tailback Gary Maglione who gained over 100 yards for the third consecutive game.

Next week Troy takes on the winless Lowell Patriots at Fullerton Stadium.

## Hawks Fall To Sonora To End Title Hopes

After being eliminated from the Orange League race by virtue of a 24-6 loss to Sonora last Saturday, El Dorado's Varsity football team has the gloomy prospect of finishing their season by playing the two worst teams in the league.

Incentive will be an important factor against University this Saturday. It will be a home game for University, which has suffered through a dismal season in their first year. If the Hawks don't manage to get up for this game, their last game of the season is against Laguna and it is El Dorado's homecoming game.

Against Sonora, the Hawks ran into one of the

better if not the best teams in the Orange League. Costly errors on offense (four interceptions) didn't help El Dorado's defense in trying to stop the Raiders high powered attack.

Sonora's defense was largely responsible for the Hawk miscues, as the Raiders plugged up a usually very effective Hawk running attack. This forced El Dorado to the air, where the Hawks haven't been consistent all year. The Hawks scored their only touchdown on a pass play, a 31-yarder from quarterback Chris Jones to Tony Madau. As the Hawks missed their attempt at a two point conversion, the Hawks trailed by only one, 7-6, at halftime. The Raiders scored in both the third and fourth quarters to put the game away.

## CSF Cross Country In National NCAA Meet

Tonight the undefeated Cal State cross country team will travel to Wheaton, Illinois to compete in the NCAA national finals.

Last Saturday, the Titan squad literally swept the CCAA league finals by taking the first six places and a perfect score of 15. All American Mark Covert, NCAA College division champion, and undefeated this year took first place along with teammates Tim Tubb, John Casso, and Dave White. "We crossed the line holding hands," stated a happy Covert, as all five were timed at 25:52 for the five mile UCR course. Covert owns the course record which he broke earlier this year.

Not scoring points for Cal

State, but running fantastic races were freshmen Chris Hoffman from St. Bernard, and Doug Schmenk. Hoffman took sixth out of the 35 runners, and Schmenk eighth, however only the first five from each school score points.

Second place San Fernando Valley scored 56 points. Cal Poly Pomona, who was suppose to give the Titans trouble, came in last with 105 points.

A pleased coach Jim Schultz claimed "That's the kind of placing we need to win the nationals." Last year the harriers took second at nationals with Covert the National Champion. Schultz also added that Jim McGuire will take the place of Schmenk as he has a better time.

**How do you feel when you smile?**

Some people shy away from a studio portrait because they feel self conscious about expression. A natural smile or a pleasant look is so spontaneous that you aren't aware of how your face feels at the time.

I know how you feel - looking at a bank of lights, a black box and a voice back there somewhere saying, "Now look this way and smile" probably pretty darn silly!

Also, a photographer who has never met you before can't know what expression is the real you. If he stands and chats awhile or takes time moving lights around, don't get

impatient. Relax and visit. He's trying to acquaint himself with your normal expressions and find the one he wants to capture on film.

One of the most famous portrait photographers lives with his subject for a week before he ever puts him in front of the camera. We don't go quite that far - but we don't charge \$1,000 for a portrait either.

Let the photographer watch for expression. Follow his directions and do not try to arrange your head and features by the way they feel to you.

Don't try to imitate a pose or expression you have seen in another photograph or an earlier one of yourself.

And don't be afraid to move in front of the camera. The advent of flash eliminated the old neck braces of daguerrotypes days. And the automatic camera has taken the place of the old focusing cloth.

So on your next visit to the studio relax and enjoy yourself.

## Looking Outdoors

by Jim Niemiec

Wintery weather is forcing most of the birds down to the southland from the Pacific Northwest. Wind, snow and freezing temperatures is responsible for starting the early migration of northern birds.

Jim Pickering, manager of the Shasta Valley Ranch Wing and Fin Club near Yreka, reports that there are now thousands of geese (honkers) on the club. Pickering said that most of the sprig and widgeon that were in the area during the first few weeks of the season have moved out and they are being replaced in large numbers by mallards, redheads and canvasbacks. The club shoots on 10,000 acres over 3 large lakes and a marsh area. For information on the Wing and Fin Club contact Pickering at (916) 459-3020.

Locally ducks hunters have had only fair shooting at most private and public shooting areas. Most of the birds that are being bagged are sprig, widgeon and teal with a fair number of greenheads showing up in game pouches.

The Salton Sea area has been the most consistent producer for sprig and teal with an occasional goose also being downed by a lucky hunter. The Wister area is booked solid for Saturday shoots, but Wednesday and Sunday have open reservations. It is going to take new flights of birds and strong winds to improve the hunting on Wister.

Orange county duck hunters are limiting out on most every outing reports Jim Olson, veteran Orange County hunter and club manager. The ducks are in good shape with lots of winter fat, which according to Olson, might be a good indication that we are in store for a very cold winter.

### GOOD HATCH BUT QUAIL SCATTERED

Quail hunters were disappointed on opening day in many areas as rain seemed to scatter the coveys of quail in Southern California. There were some good reports from some of the large private ranches in the southland, but for the most part hunters had to settle for less than a limit of birds. The quail and chukar season will run through the end of January.

Some of the better producing quail areas are: the back side of the San Bernardino mountains, the out skirts of San Diego county, the Kern valley and Owens valley, with some limited shooting in the Bakersfield area.

### PHEASANT PROSPECT GOOD

With a little cooperation from the weatherman, the opening of the 1971 pheasant season should be good. The department will again plant ringnecks in the usually areas of the Imperial Valley and along the lower portions of the Colorado River in the fertile farm lands.

There was a good hatch of native birds in the central valley but hunting pressure will be very heavy. Hunters are reminded that a pheasant stamp is required and that both sexes can be shot in Southern California.

Hunters eager to get an early start on the season should look into the possibility of joining a private club. There are number of these clubs in the southland within easy driving distance.

The newly opened club in the Prado Basin, called Linc Raahauge's Pheasant Club is open to the public and offers pheasant hunting under very natural conditions. A dog is a must when hunting the club as heavy native cover makes marking downed ringnecks very difficult. For more information on the hunting club phone Mike Raahauge at (714) 735-2361.

## VHS Cross Country Team Outruns Brea

Picking up the pace, Valencia Tigers cross country team ran past Brea Olinda Thursday 22-33, as the harriers placed five in the top seven for the varsity race.

Mike Boaz, Tony Morocco, Alex Lopez, Bob Tillman, and Andy Castro were the ones who placed on top.

Boaz ran second in the race with a time of 9:39, only missing his record by one second. Morocco and Lopez took third and fourth, then Tillman and Castro took sixth and seventh place.

Frosh-soph harriers were also in the winning circle, as they received an almost perfect score 16-50. The Tigers placed six men in the first seven. Mike Genevay and Brian Huggins led that race. Genevay ran 10:52, and Huggins 10:53. Times such as these are outstanding announced coach Mike Cummings.

Junior Varsity couldn't quite make the showing, losing 17-42.

Tomorrow, the Valencia

cross countrymen will run against Saddleback at Valencia. This will be the last home meet of the season before league finals.

## Indians Overcome Warriors

Troy's water polo team took it on the nose again last Thursday at Fullerton as the Indians clouted the Warriors 24-3. It was the second straight defeat for the Warriors who now occupy third place in the Freeway League with a 3-2 slate, following Sunny Hills (5-0) and the Indians (4-1). Last week the Lancers walloped Troy 16-3 to put an end to any title hopes.

Fullerton moved out to a 7-1 lead in the first period and held a 12-1 margin at the half. Jack Pearce, Mike McCall and Bob Ball all had five goals apiece for the Indians. Jeff Polte led the Warriors scoring with two and Dan Browning added one off the bench.

## Chargers Win Game Over Garden Grove

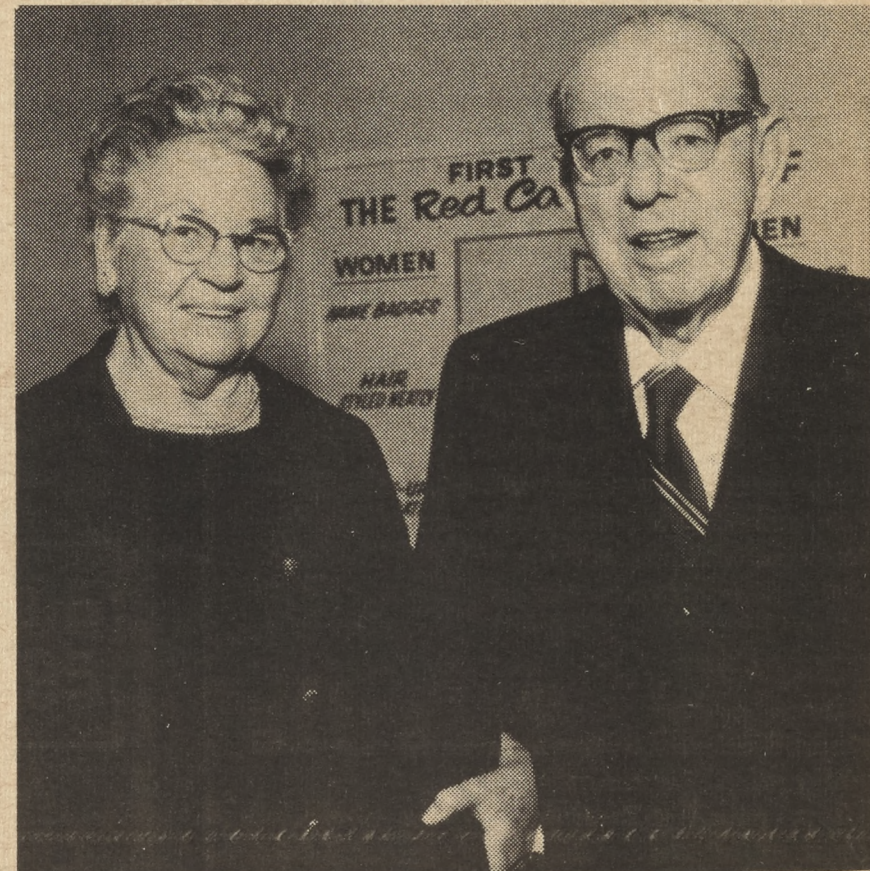

The Placentia Chargers completely dominated the Jet Setters from Garden Grove in a 5-0 win that was sparked by superb control by pitcher Tammy Gibson, who gave up only two hits and two walks with no runs.

Defensively the Chargers displayed some of their finest team work of the season getting two double plays and committing only two errors.

The two Gails, Freudenberg and Norman led the hitting with two apiece, one, a smashing triple by Gail Freudenberg in the second inning. Others helping the hit parade that accounted for one run in each of five innings were Wendy Michaux, Debbie Matthies and Pat Laguna.

The Chargers, as guests of the Confederacion Deportiva Mexicana, will play a doubleheader with a Baja California all-star team in Mexicali on Saturday, November 13.

The Chargers have been collecting used bats, balls and mits to be donated to the needy in Mexicali. Anyone wishing to donate discards please call Pete Royere at 528-1652.

## LET'S TALK TURKEY

Thanksgiving is a REAL HOLIDAY, so this year, treat your family to a REAL TURKEY! Thanksgiving is no time to discount quality or skimp on your dinner. You deserve the finest, and so on this old, traditional Holiday, serve the VERY BEST—one of AUNT HAZEL'S LIP SMACKIN' TURKEYS! These turkeys are NOT products of modern scientific knowledge on how to raise a turkey fat and fast. AUNT HAZEL'S LIP SMACKERS are good, old-fashioned products of nature, and are raised completely naturally. They run free on the ground and are fed only natural, organic grains, without hormones, antibiotics, tenderizers or any chemical additives. These are truly the best, most naturally raised, best tasting turkeys obtainable.

In past years we have taken orders for, and sold hundreds and thousands of these Sumptuous Turkeys for Thanksgiving and Christmas. Satisfied customers come back and give us testimonials as to how great their turkeys were. You've never enjoyed such moist, delicately flavored white meat or such robust and tasty dark meat. There is less fat, less gristle, and more great, edible meat per Turkey than on any other you've tried.

Each year there are some people who forget to order their AUNT HAZEL'S SUPER BIRD ahead of time and then they are left out. Since these are NOT "production-line" or frozen Turkeys, each one will be obtained fresh and custom dressed, without bleaches or preservative dips, just for you. Don't be left out. Come in to a VITAMIN VILLAGE Supermarket, and order your AUNT HAZEL'S LIP SMACKIN' Thanksgiving Turkey now. Your choice—hens or toms, regular or smoked. No telephone orders, please, as a small deposit is required. We're sure you can understand why.
